

# Sanjit Kumar Behera

## Software Engineer

✉ sanjit.mnnit.2020@gmail.com ☎ +91 9853362070 in <https://www.linkedin.com/in/sanjit-behera/>

## PROFILE

---

Motivated and results-driven Frontend Developer around 1.5 year of experience specializing in **React.js development**. Proficient in building robust and user-friendly web applications, leveraging **React.js** and related technologies like **Redux, JavaScript, HTML, CSS, Git, Jira**. Demonstrated ability to transform design mockups into responsive and intuitive user interfaces, optimizing for exceptional user experiences. Well-versed in modern frontend development practices, including state management, component architecture, and **RESTful API integration**. Eager to contribute skills and passion for frontend development to a dynamic team, enhancing digital products and driving business growth.

## EDUCATION

---

### Master Of Computer Applications (MCA)

Motilal Nehru National Institute Of Technology, Allahabad

07/2019 – 05/2022

CGPA:- 7.67

### Bachelor Of Computer Applications(BCA)

Star College Of Engineering and Management, Bhubaneswar

08/2015 – 05/2018

Percentage :- 75.30%

## EXPERIENCE

---

### EasyGov (Reliance Jio Platform)

Frontend Developer

06/2022 – 08/2023

- Collaborated closely with cross-functional teams to design, develop, and implement intuitive and visually appealing user interfaces.
- Utilized **React.js components** and **state management** to enhance application performance and scalability.
- Integrated **RESTful APIs** to fetch and display dynamic data, ensuring a seamless user experience.
- Worked on optimizing application performance and addressing bottlenecks to improve loading times and user interactions.
- Actively participated in **sprint planning, daily stand-ups, retrospective session, ensuring the successful completion of project milestones** within **Agile/Scrum methodologies**.
- Collaborated in the planning and execution of testing, analyzing user behavior and feedback to iterate and improve the application's design and functionality.

## SKILLS

---

- Programming Languages: **C++, Java script**
- Frontend Development: **React.js, Redux, HTML, CSS**
- Version Control Systems: **Git**
- Tools: **Jira, Eclipse, Vs code, Jenkins**(for Testing)
- Database: **MySQL**
- **Agile/Scrum Methodologies**
- **Collaboration and Teamwork**

## AREAS OF INTEREST:

---

- Keen interest in leveraging **cloud computing platforms, such as AWS or Azure, to optimize infrastructure, enhance deployment processes, and improve overall system performance.**
- Actively exploring **DevOps** practices to integrate development and operations, with a focus on automation, continuous integration, and continuous deployment for streamlined and efficient workflows.
- Investigating the integration of **machine learning and artificial intelligence** into software solutions, with a particular emphasis on enhancing user experiences and making applications more intelligent.

## ACHIEVEMENT

---

I have scored All India Rank 174 on the NIMCET exam 2019.
